	a guard battalion which was in the process of being activated in Badapest.  The battalion was quartered in the former sheep barns of the Budapest
	livestock merket northwest of the Koelanya-Fesoe railroad station and south
	of Loverseny Equare. The battalion cadre personnel was still furnishing the 2501
	quarters in early November. A total of 470 beds were set up
	and bed linen. Officers said that the battalion would receive recruits on
	3 November 1951 and, following a three-month recruit training period, would
	assume guard duties at military installations and depots in Budapest,
